### FIRST CITIZENS' MEETING.

The Northeast Washington Asso-

resorts such as American League Park, the Coliseum, and the Benning track, where large crowds frequently gather, where large crowds frequently gather, and the nature of haunts like Chesapeake Junetion necessitated the vigilance of a much larger force than fifty-three men. When the meeting opened Fresident Tucker, in calling the members to order, made reference to the detachment from the office of Engineer Commissioner of Capt, Lansing H. Beach. W. J. Frizzell offered resolutions deploring this action. By S. Sowerbutts, chairman of the Committee on Streets, a resolution was intromittee on Streets, a resolution was intro-duced, recommending that in cases where streets are to be extended east and west beyond the city limits, they retain the let-tered name. The recommendation was

adopted.

Dr. W. E. Kirby and S. Sowerbutts were appointed a committee last spring to agnitude among other citizens associations the advisability of a change in the date of the inauguration extensions. The committee in the report made last night stated that little progress had been made during the summer.

A letter was read from the National Municipal League, stating that the Northeast Washington Citizens' Association had been admitted to affiliated membership. great need of larger playgrounds ling school buildings was the subject

The great need of larger playgrounds adjeting school buildings was the subject of a resolution presented by F. D. Foster chairman of the Committee on Schools. He cited the fact that the grounds are now so small that the children overrun them into the streets and are subjected to danger from wagons and street cars. The resolution was adopted.

Before the meeting adjourned two cordinants, quite bitter in tone, were made of the manner in which the Columbia Street Rullroad was operated. It argears that residents of the northeast section of the city are unable to reach the Capitol on payment of one fare, although the distance is comparatively short. The intriencies of the transfer system prevent the connection. Another instance cited was the case of a member who goes to Rockville and back every day. He said he had been informed that the fare was fa cents, but is continually charged 30 despite protests to the officials of the company. Motions were made to have the Committee on Conveyance, of which Major J. B. Burke is chairman, investigate these matters.

### AFFAIRS OF THE DISTRICT.

The Success of the Local Firemen's Recent Excursions.

The Receipts Add Nearly \$3,000 to Relief Association's Funds-Injury to Property by the Collectors of Ashes-Freedman's Hospital Force.

William T. Belt. Senior Assistant Chief Engineer of the Fire Department, and President of the Ffremet's Relief Asso-clation, has submitted to the organization a report upon the two excursions re-cently held for its benefit. According to this report the association has added to

its funds nearly \$3,000. Chief Belt states that the sum of \$419.50 was received through donations, the Gamewell Fire Alarm Company, of New York, and the Eureka Fire Hose Company giving each \$50; the Holloway Company, of Baltimore, \$25, as did the following concerns: La France Engine Company, the Guita Percha and Rubber Company, the Washington Jockey Club, the Arlington, Columbia, Commercial, and Potomac Fire Insurance Companies, and the Washington Gas Light Company. Joseph Kauffman & Son, of Baltimore, sent a check for \$15; the Thomson Steel Collar Company one for \$12; Woodward & Lothrop, \$10; Capt. E. S. Bandail, \$10, and other checks for smaller amounts. Tickets sold at the wharf brought in \$47, Assistant Chief Kurtz sold tickets amounting to \$11.50, and the twenty-three companies of the Fire Department received for the tickets given them to dispose of \$2,776.25, making a grand total of \$3,254.25. The expenses, including boat hire, printing, and other necessary items amounted to \$319.35, which made the net receipts reach the sum of \$2,934.90. This amount, together with the sum of \$100 donated some time ago by Mrs. Jane Hitz, has been placed in bank at 2 per cent interest.

The association is composed of members and ex-members of the District Fire Department, and several weeks ago, through the efforts of Chief Dutton, it was placed on a firm, business-like foundation, Chief Belt being elected as its President; Fore-man T. J. Brown, of No. 14 engine com-pany, Vice President; Assistant Foreman H: C. Egloff, of chemical engine com-pany No. 1, Secretary, and Foreman James Keliher, of engine company No. 14, Treasurer. The association is a beneficial one, and has no connection with the municipality, its affairs being conducted by the officers elected, who serve for one year.

Col. Henry G. Sharpe, of 1713 M Street northwest, recently wrote to the Engineer Commissioner, complaining of the care-lessness of the men engaged in the col-lection of ashes from his house. He states that they have broken off the corners of the stone steps by letting the ash cans fall. Colonel Sharpe states that they have been warned several times about the matter, but that there is not much improvement in their conduct. Colonel Sharpe states that he com-plained to the Superintendent of Street

At that time the question of his eligibility to have been partially in the employment of the Government. At that time the question of his eligibility to serve as a juror was discussed by some in the chair. Resolutions were unanimously adopted regretting the attack on President McKinley, expressing the sympathy of the organization and advocating Congressional action which would wipe cut the curse of ansarchy.

The pressing necessity for a larger police force in the Ninth precinct was embodied in a report submitted by Dr. L. D. Walters, Chairman of the Committee on Police and Fire Departments. The administration of the precinct under Lieut.

J. C. whom will be selected today to fill the subject of a special report by Lieuten-vacancies. this report being sent to Governor Smith with the letter of the Commissioners.

Governor Smith informs the Commissioners that he has sent their letter and the report of Lieutenant Paley to the Sheriff and State's Attorney of Prince George County and that he is now awaiting their reply. The Governor states that he hopes some way may be devised to

Westerfield McKinlay recently made ap plication to the Commissioners in behalf iail of his client, Alonzo C. Barnett, for the discharge of tax for 1888 against lot 11, block 4, Howard University sub-division. ing upon the application, states that a certificate was issued September 13, 1898, to Charles G. Williams on the property in question, which was then assessed to A. D. Raub, and that on this certificate the tax for 1898, amounting to \$4.32, was omit-

ted.

It appears that the petitioner swears that he purchased the property upon the faith of this certificate, and the records show a conveyance of the property by Charles G. Williams to the petitioner November 28, 1990. Mr. Darnellie states that it is evident that the purchaser relied upon the certificate for a cear title and that he is entitled to relief under the act of May 12, 1892. He therefore recommends that the collection and recovery of the tax for 1888 on the above property be harred as to the subsequent purchaser.

It is expected that the action of the Commissioners will be in accordance with the above recommendation.

Thomas J. Ryan, Acting Secretary of the Interior, has transmitted to the Comoners a list of the reorganized force to take effect October 1, 1991. With this list is a memorandum showing the po-sitions created, those abolished and the salaries reduced.

The memorandum shows 67 employes on salary, who receive in the aggregate \$15.548. The appropriation is \$16.00, which will leave a balance at the end of the year of \$152. Five salaries are increased. ix positions are abolished and one salary s abolished. In the reorganization there s a net increase of ESA.

# PIANOS FOR A S

Hard work and unremitting attention have been given this summer to the buying of our fall stock. The "1902" styles are beautiful. Our Mr. E. H. Droop spent weeks in the factories devoting days at a time to the selection of only such Pianos as contain and embody the TOTALITY of a singer and player's ideal.

TONE has been the principal quality sought after-handsome cases, of course, but they were secondary considerations.

Steinways, E. F. Droop & Sons', Huntingtons, Crowns, A. B. Chase's, and Gablers will arrive. An immediate disposition must be made of the entire stock of "1901 styles" now on hand-new and slightly used.

The Greatest Piano Sale in the History of Washington Is on Now. Prices plainly marked. Accommodating terms or discount for cash. Planos reserved for later delivery. Every instrument warranted.
